Some things you should know:

- -is likely gay
- -has naked pictures of himself on the internet (i've attached one)
- -made up that he had a white house internship (contact Donna Downs at Taylor University for more info)
- -defends child rapists (wheredoubtremains.com)

I have more, even some documents that I can send you if you're interested, so at least you'll have ammo against him. I hear that he's planning another series of attacks on you and your campaign.

His myspace is here:
